**Subject:** mandate to cover contraceptives  
**Date:** Tuesday, August 09, 2011 5:45:16 PM

---

I am opposed to the mandating of insurance coverage of contraceptives that include abortifacients that destroy an unborn child in the womb...Ella and Plan B. Such a mandate will violate the consciences of millions of citizens who believe that life begins at conception. Please listen to the voices of those who care and the unheard voices of the unborn.
